“Chi si ripara dagli stimoli
si ripara dalla vita.
Se l’Uomo non si abbandona
alla legge della trasformazione,
si troverà comunque costretto a subire
gli eventi inarrestabili
che la vita deciderà per lui”

A.Carotenuto - Attraversare la Vita - Bompiani

“If you shy away from stimuli,
you shy away from life itself.
Even if Man does not let himself
go to the law of transformation,
He will still find himself obliged to undergo
the inexorable events
that life will decide for him”

A.Carotenuto - “Attraversare la Vita” - Bompiani
